

Benzinga Fundamentals Dataset

Overview

Benzinga offers a full suite of research and quality analysis. Our data points highlight the necessary valuations for you to make the wisest of investment decisions. We include financial reports (balance sheets, income statements, cash flow analysis) and income ratios according to industry average and percentage. Our figures are adjusted during every quarterly report and show the most current statements.

History: From 1999

Coverage: Wilshire 5000 + 1000 additional US equities

Delivery Frequency/Timezone: Intraday API/ EST

Format: XML, JSON

***Note:** The endpoint /fundamentals is the umbrella endpoint that encompasses the 4 specific fundamentals (/valuationRatios, /earningRatios, /operationRatios, /financials). The /fundamentals endpoint will output all the specific endpoints.

Data field descriptions

Company	Company
primarySymbol	Company ticker symbol
primaryExchange	Primary exchange the security is traded on
cik	CIK identifier
isin	ISIN identifier
standardName	Company name
companyProfile	Description about the company
companyStatus	U = Public
countryId	Id of country that company is based (ex: US = United States)
fiscalYearEnd	Month of the company's latest fiscal year
shortName	Company name
standardName	Standard company name
legalName	Company's legal name
longDescription	Description of company
shareClass	Type of share class
shareClassId	Id of share class

currency	Type of currency traded for company
ipoDate	Date of the company's IPO
isDepositoryReceipt	Is ADR or not
isPrimary	1/0 (1 = isPrimary)
securityType	Type of security (Equity, Bond)
enterpriseValue	Current enterprise value of the company
marketCap	Current market cap value of the company
exchangeId	ID of exchange the company trades on

Earnings Reports	Array
period	fiscal period
asOf	Last date for fiscal quarter
reportType	TTM = Trailing 12 months
currency	Currency (USD = United States Dollar)
fiscalYearEnd	Month of fiscal year end
basicContinuousOperations	Ongoing activities within the business
